## THE PAST MONTH IN REVIEW....

March marked the one year anniversary of the start of the pandemic. When we closed the school last year, on March 12th, none of us could have imaged that the virus would have such a long, lasting impact. Thankfully, with proper planning, the support of our teachers and staff, and the collaboration of the SAS families we have been able to offer "in-school" sessions since September.

On March 2<sup>nd</sup> we celebrated our 100<sup>th</sup> day of school, and that was a great milestone. Although, our school days look differently, as more and more people gets vaccinated, hopefully, things will begin to get back to "normal." So far, 75% of our teachers and staff have received the vaccine, and that's a blessing.
